***NESCA's January 15<sup>th</sup> joint membership meeting with NAWIC will be held at a new meeting venue, the Italian American Community Center, 257 Washington Avenue Extension, Albany. This meeting will feature a "General Contractor Showcase". The purpose of the General Contractor Showcase is to provide members of NESCA an opportunity to learn more about a featured general contractor and its upcoming projects, meet its leadership team, and find out what they expect from their subcontractors and what subcontractors can expect from them. This month's showcase will feature MLB Construction Services, LLC. The meeting will offer members of NESCA a great chance to become better acquainted with the type of work MLB performs, their market area, how they select their subcontractors and how they run their projects.***

***Following the presentation there will be a short question/answer session. Join us in meeting key members of the MLB Construction Services team at the January 15<sup>th</sup> meeting!***

***NFP is proud to sponsor NESCA's 2025-26 Membership Meetings.***
