***The “One Big Beautiful Bill Act” of 2025 represents the most comprehensive tax overhaul in recent years, with more than 35 major provisions affecting everything from individual tax rates to business deductions. The sweeping bill includes a host of tax provisions that impact substantially all categories of taxpayers. Although some provisions are extensions or modifications of the laws enacted in the Tax Cuts and Jobs Act of 2017, there are notable new additions to the tax law as well. NESCA members will learn how the One Big Beautiful Bill Act will impact on both your businesses and on you as individuals.***

***NFP Corp., an Aon Company is proud to sponsor NESCA’s 2025-26  
Membership Meetings.***
